

# Digital Partner for the Manufacturing Industry Worldwide

## Time Tracking as an Expertise

Real-time tracking of your projects, rather than post-registration, will significantly increase your invoicing rate.

Proud supplier of time tracking systems since 1991, with features for projects, industry, roads and construction.

## Digital production partner

Does your business need optimisation and better capacity utilisation with control over your production plan?

AMS have a team of advisors and consultants with over 35 years of experience with international production companies.

## Integrator of Machines and Equipment

Does your business have various systems, machines, and equipment that do not communicate optimally?

We assist you in establishing a comprehensive solution through our **direct** product family and your existing systems.
